## BIO

#### BIRTHDAY

14 february 1991

#### LANGUAGES

Spanish, English

#### PROFIILE

I am a digital animator with nothing better to do in my life, I have a big passion about what I do

And I try with all my heart to be better every day, not just in animation, but as a person, at the gym or while I play some guitar, I´m thankful that I love what I do, and I enjoy to challenge myself to get better, wiser and do things that blow my mind.

I´m far away for being fulfilled in life, but I wish that my work can open new doors and new ways for me, I´m ready to give everything in whatever new projects the future may bring.

#### WORK EXPERIENCE

2016-  
Present

##### Digital Animator *Zingulart / México*

I been working in Zingulart since its inception, when it was called Dotcorp, just me and my boss in his garage, I was his digital animator and I animated almost everything in every project we did at the start, today Zingulart is a big place, with offices all over México and I have the pleasure to continue being their animator of choice, I´ve learn a lot about video mapping and motion graphics. both in 2D and 3D animation, I also have worked as a freelance doing motion graphics in 3D and 2D for various studios over México, like Platypus animation, Contenidos de América, Central Cool, the sculptor Claudia Hetch and many others.

2012-  
2015

##### Digital Animator

*Mister Machin / Guadalajara, Jalisco*

I also worked in this place since its inception a great motion graphics studio that was founded by 4 friends, in this place I learned to work, it was my first work and it was a big one, I started my career as an animator working for a big political party, doing digital campaigns and various products in traditional frame by frame animation

#### INTERESTS
