

JORGE BUSTOS

I AM A VISUAL ARTIST

WHAT'S UP GUYS!

Hi. My name is Jorge Bustos. I am a visual artist specializing in illustration. I have been working as a professional visual artist and illustrator since 2016. I have experience conceptualizing and performing works from logos until illustrations for products, textile illustration, concept art as well as in editorial illustration, infographics, cartel and even mural among other. I consider my best tools as a visual artist are, my vast visual baggage, the balance between design and the concept of what I do as well as observing a graphic problem from different perspectives.

I am always motivated to keep improving my skills, learning new tools and different artistic visions.
