Kenneth Mewis is a graphic designer/photographer from Alken (Belgium) and he is ready for a new challenge!

He's deeply passionate about design, especially in terms of typography, branding and identity design, he also does some photography in his spare time. So he is now looking to work with people that share that same passion.

To put it clearly, Kenneth is a designer with a deep passion for art in general, who is always looking to create something extraordinary and mind-blowing. And when he's not busy with designing, editing, or pushing pixels, you can find him at the local gym shooting some hoops.

See for yourself why he's the one you need to work with!
